Executive Summary

CARE Certification International (M) Sdn Bhd (CCI) is first private certification body originating from Malaysia, that been accredited by Standard Malaysia under the purview of Ministry of Science, Technology and Innovation (MOSTI). CARE Certification International have been fully complying to ISO 17021. The company is established with CARE of the needs of system certification and training in mind and is one of the leading multi-sector certification body in Malaysia.

CARE Certification International (M) Sdn Bhd (CCI) has vast experience in conducting audits related to MSPO certification. It has certified more than hundred palm oil estates throughout Malaysia. CCI has obtained accreditation from Standards Malaysia for its MSPO certification scheme, holding certificate No. MSPO 28122017 CB 06 since 28 December 2017.

This on-site assessment was conducted from 17th to 18th March 2021. The audit plan is included as Appendix 2 of this report. The approach to the audit was to treat the 3N Entate Sdn Bhd as a MSPO Certification Unit. A range of environmental and social factors were covered. This includes consideration of topography, palm age, proximity to areas with HCVs, declared conservation areas and local communities.

The methodology for collection of objective evidence included physical site inspections, observation of tasks and processes, interviews of staff, workers and their families and external stakeholders, review of documentation and monitoring data. MS 2530-3:2013 MSPO Part 3: General principles for oil palm plantations and organized smallholder was used to guide the collection of information to assess compliance. The comments made by external stakeholders were also taken into account in the assessment. The computation of the sampling size is elucidated by the following formula as per table 1 below.

This report will be externally reviewed by MSPO approved Peer Reviewer prior to certification decision by CARE Certification International (M) Sdn Bhd. CCI does not provide any advice on compliance with any legislation, regulation, or standards. All audit reports and other documentation provided by the company, are given in good faith and in reliance on the accuracy and completeness of the information provided by the client. No responsibility is accepted to any third party that may rely in whole or in part on the content of this report, to the extent permitted by Law.

Meetings were held with stakeholders to seek their views on the performance of the company with respect to the MSPO requirements and aspects where they considered that improvements could be made. At the start of each meeting, the interviewer explained the purpose of the audit followed by an evaluation of the relationship between the stakeholder and the company before discussions proceeded. The interviewer recorded comments made by stakeholders and these have been incorporated into the assessment findings. Structured worker interviews with male and female workers and staff were held in private at the workplace and the estates. Fieldworkers were interviewed informally in small groups in the field. In addition, the wives of workers and staff were interviewed in informal group meetings at their housing. Separate visits were made to each of the local communities to meet with the village head and residents. Company officials were not present at any of the internal or external stakeholder interviews. A list of Stakeholders contacted is included in this report. The assessment findings for this Surveillance Audit O2 are detailed in last section of this assessment report.

(ii) Surveillance Assessment Visit (SAV):

$$2 = 1.5 \sqrt{2}$$

$$2 = 1.5 \sqrt{2} \times 0.6$$

NOTE:

The details in Table 1 is developed to provide sufficient time under normal circumstances to adequately carry out auditing of a management unit against the certification standards for oil palm management under the MS 2530: Part 3; "General principles for oil palm plantations and organised smallholders". However, the time allocated to the various locations of complex audits must be documented to justify the allocated audit durations. The audit duration is calculated on the basis of 8 hours per day. Audit working days will be calculated to the nearest full or half day.
